

For:FCA1564

PIN OUT

P1	Core Colour	P2
1	Red	1
2	White	2
3	Green	3
4	Blue	4
5	Ground Wire	5
Selling Iron	Weave	Back GND

Tie method

1. Test conditions:

- (1) 100% open circuit short circuit & wrong polarity test
- (2) Insulation Resistance: DC 300V/0.01s 10 ohm Min
- (3) On-resistance, 2 ohm

2. Process Requirements:

- (1) The Groundwire of the P1 end is welded to the ground wire position of the terminal and the iron shell
- (2) There are no appearance defects such as shrinkage, cracks, flow, crooked terminals and crimping.
