reliable and open

<------

USB-C pass-through port

The AC7050's USB-C pass-through port supports power delivery for charging your notebook. Your notebook is always charged with the right amount of power thanks to the pre-defined Power Delivery profiles. The charger communicates with the notebook to negotiate the most effective charging profile.

SD card and micro SD card reader

Transfer files, documents and pictures from your SD and micro SD cards to the notebook with USB-C at a speed of 5Gbps. The AC7050 supports the most common used memory cards.

Plug and play, no additional power supply needed

The AC7050 is a plug and play device and is powered by the USB port of the laptop. No additional power supply is needed. The 3-Port Hub is backwards compatible with USB 2.0 specifications.
